UL-12LED

The UL-12LED series professional Light is designed light compact and very bright. The model cool video LED weight, low power consumption, use 5pcs of LED.

The model has dimmer function to adjust brightness(100%-1%). Operating life is more than 10,000 hours. The model is operated with DC 7-17V(DC 7.2V DV battery or DC 14.4V batter)
Dimension: 138 x 108 x 65 mm

Model: UL-12LED 3200
Input voltage DC 7V-17V
Power consumption 12W(MAX)
Color TEMP 3200K
Brightness 500lx(1m)
Weight 500g without battery pack

Model: UL-12LED 5600
Input voltage DC 7V-17V
Power consumption 12W(MAX)
Color TEMP 5600K
Brightness 700lx(1m)
Weight 500g without battery pack

illumination uniformity

DC 7-17 V in
